#### L. R. Schools to Open on August 12

LITTLE ROCK, Ark. (AP)—The Little Rock School Board Tuesday night advanced the scheduled opening date for the city's high schools three weeks, then emphatically denied that fear of legislative interference with its integraion plan had prompted the move.

The board voted unanimously to open the four high schools, closed for a year against integration, Aug. 12 Instead of Sept. 8 when lunfor high and elementary schools will start their term.

Board President Everett Tucker Jr. said the board is "familiar with rumors that (Gov. Orval E.) Faubus might call the Legislature nto session."

"But those rumors had nothing to do with this decision" Tucker said. "The beard felt these students, who have been out of the public school system for a year, needed additional time to prepare or resuming their studies."

The new opening date was proposed in a motion by Ted Lamb one of three board members who openly oppose Faubus' school pol-The motion was adopted, cies. without discussion, after Supt. Terrell Powell had assured the board schools could be ready for open

Faubus who called a special session in 1958 to obtain passage laws which enabled him to close the schools against integration last fall, was out of the city and unavailable for comment.

But he has been critical of the

board's plan to assign six Negroes to two once-white schools and has hinted the Legislature might be called to prevent it. A federal court strick down the 1958 school closing law last June.

Faubus had proposed that the soard integrate two schools and leave two for segregationists, but the board was advised yesterday by its attorney that the governor's proposal was of doubtful legality in the face of federal court integration orders.

"We're broke," said Dr. T. J. Raney, president of the Little Rock Private School Corp., which operated Raney High School where about 850 white students at-

tended last year,
Raney said a fund drive, launched recently, had failed and there were no operating funds in sight. Two smaller private schools

closed last month.
About 1200 students had regis tered for classes at Rancy next term. The school board said last night it would be able to take care of any of these who had not already registered at public schools. Faubus assisted in Rancy High's original fund drive during which contributors from all sections of the nation and some foreign countries put up about \$400,000.
